

Thanks for your interest in our materials!

We aim to teach that peace in God is obtainable and should flow into every area of your life, including all your relationships. We're here to create an awareness of God's presence & involvement in every piece of your life.

Gather your group for a **spiritual workshop** that's filled with creativity and meaning. Our team offers events that are designed to infuse women's lives with healing, hope and color. Through creative projects with biblical teachings, the team reinforces how a life in Christ is the only way to true inner peace and growth.

You'll be creating a **unique symbol of faith**. We offer two distinct workshops/teachings with different projects: either a mosaic cross with stained glass, or a tile mosaic anchor. Jenny Spontak & Dee Everson also share some great teaching on the biblical subjects of Peace (Cross) or Hope (Anchor). As a result, the team also developed Mosaic Bible Study "kits" that are designed for both individual and small groups that help women connect with God through creativity.

# Workshop Frequently Asked Questions...

## How do I book?

Contact Dee Everson @ 708.927.2110 or [dee@peacebypieceministries.org](mailto:dee@peacebypieceministries.org)

## Is there a deposit required?

We require a \$100 deposit to hold your date. This will be deducted from your final payment.

## When do you need the money by?

Final payment is expected within 10 days of the event. Checks made payable to Peace by Piece Ministries.

## Is it okay to have food?

We do allow food but it must be set up separately from the working tables if possible.

We will work this out according to your needs.

## Who does the set up and tear down? What do we have to supply?

Hosts will need to supply the tables, table coverings and chairs and have them set up before we arrive.

We bring all the supplies needed and set them up. We then clean up, leaving the room as we found it.

## Who tracks the registrations of the participants before the event?

The Host collects the registrations and the payments from participants.

## Do you provide marketing supplies or offer assistance with inviting others from our group?

We offer marketing materials based on your group's promotion needs, whether that's by social media or flyers/graphics for your church announcement screen. We will tailor the invites to your specific group.

## What is the cost?

The cost is \$35 per person. If you choose to charge more (to cover food costs) you are free to do that.

## Where do you hold the workshops?

The workshops are held at the location of your choice.

## Is there anything else to consider when determining space for a workshop?

Due to supplies, it is best to seat no more than 6 people per table.

The grouting process is a bit messy so choose a floor that can be easily swept versus carpeting.

## How much time is needed for the workshop?

Everyone works at a different pace, but 4 hours is ample time for all to complete the mosaic.

# What Others are Saying...

“Amazing ministry sharing their creativity (and faith) with us. Can’t wait to have them back.”

— **BETHEL LUTHERAN CHURCH - OTTAWA, IL**

“Thanks for a powerfully creative event. We also connected to the workshop’s teaching very much!”

— **CALVARY CHURCH - LEMONT, IL**

“Our parish loved working on the stained-glass mosaic cross. We highly recommend this ministry.”

## DEE EVERSON

Dee is a Christian artist and author who loves to experiment with a variety of textures, colors and mediums in her works. She loves the synergy that is created when different mediums come together to form something unique and special. Through the years, these creative visual lessons have taught her a great deal about growing her faith in Jesus. As a result, Dee loves leading others through creative projects that are aimed to teach them about Jesus as well. As part of her spiritual journey, Dee has developed a strong love for mosaics and has explored all kinds of mediums, but finds herself most enamored by colored glass. She just loves seeing mosaic art come alive - the beauty of the glass along with its different textures, transparent qualities, and intense colors makes each one a unique masterpiece.

It's Dee's love of Jesus, mosaics, and stained glass that inspired her to develop the curriculum for Peace by Piece, a Mosaic Bible Study where women explore how their relationship with Jesus leads to a discovery of God's intentional design for their own lives. In Peace by Piece, ladies create their own mosaic charger plate symbolizing their relationship with the Lord throughout an 8-week study.

Dee partnered with long-time friend and Bible teacher Jenny Spontak to co-author the Peace by Piece Study Workbook and together, they lead teams offering creative ministry events designed to infuse women's lives with healing, hope and color. Dee lives in Homer Glen, IL, a southwest suburb of Chicago with her husband. She is also the proud mother of three adult children and recently became a grandmother.

## JENNY SPONTAK

Jenny is a Bible teacher, retreat speaker, and author with passion for seeing women reconciled to Christ and for teaching them how to allow the Holy Spirit to put the broken pieces of their hearts back together. The Holy Spirit led Jenny through a journey of healing that has freed her from a lifelong eating disorder, drug addiction, and other deep, self-destructive behavior patterns.

Jenny leads several womens' small groups. Her strength is helping women apply God's Word to their everyday circumstances. In 2015, Jenny partnered with long-time friend and artist Dee Everson to co-author the Peace by Piece Study Workbook and together, they lead teams offering creative ministry events designed to infuse women's lives with healing, hope and color.

In 2021, Jenny published her first solo Bible study on the topic of righteousness and entitled the workbook: *"Who Do You Think You Are? Become Who God Says You Are!"* This Bible study is intended to help you discover how you see yourself and causes you to reflect on whether your identity based on who YOU think you are or if it is established on who GOD says you are.

Jenny's joy is found in watching women experience the freedom that is available to them when they engage in the soul healing process. Her main focus in ministry is to encourage other women to discover their new identities in Christ.

Jenny lives in the Southwest suburbs of Chicago with her husband. She has two grown children, and credits her personal relationship with Christ for the wonderful relationships she enjoys with each of them.

# The Mosaic Bible Study

Discover God's intentional and beautiful design for your life! You'll learn the basics behind the art of mosaics as you create your own keepsake mosaic charger plate throughout this **8-session journey**. You'll see how God uses all the broken pieces of your life to create His masterpiece – you!

This study is a Biblical approach to soul healing, involving mosaics as a form of art therapy. This study is an excellent fit for any woman who follows Jesus, regardless of her church background or religious affiliation. This study gives women the opportunity to therapeutically de-stress as they spend time creating their masterpiece. As they leave their cares behind, they will connect more deeply with a God, who is actively writing their life story and designing their picture. Each finished plate has an incredible story behind it, reminding each woman of her journey over the past eight weeks – a treasured keepsake for them to enjoy and remember.

## Mosaic Kit - Cut Glass

Our most popular Mosaic Bible Study Kit contains mostly pre-cut and tumbled stained glass in nine colors, plus mirror. There are also some larger pieces of glass if case you're looking to cut a specific shape. [This kit starts at \\$78.](#)

We also include the necessary mosaic tools such as a glass cutter, plastic running pliers, safety goggles, needle nose tweezers, a metal pick and grouting supplies.

**We also include wonderful "how-to" videos** (& bonus teaching content) for web streaming - which accompanies your included keepsake journaling workbook. These added materials make leading this study a cinch! No prior experience working with stained glass is needed! This kit is also available with un-cut glass and either kit can be purchased in bulk for larger groups. [See our online shop for more options.](#)
